Style 2 Order Form

Please provide a name and contact information. We prefer to communicate by email, as we can attach images of our progress on your quilt. However, a phone number is OK as well. The address should be where you want us to ship the finished quilt. We use USPS Priority Mail, so PO Boxes are OK too.

Name:		Email:	
Address:		Phone:	

Enter the number of blocks in your quilt. If you have measured your shirts, indicate the block size in inches. The orientation specifies the direction of the quilt. For instance, the 12-block quilt pictured above has a 3x4 orientation. If you would prefer it rotated 90-degrees, this would be 4x3.

Number of blocks:		Block Size:		Orientation:	
Would you like a sleeve for hanging on the wall?					

You can select the colors and fabrics you would like in your quilt. If you want a specific fabric, we need to know the Manufacturer and name or number of the fabric. Even when specifying colors, a specific fabric name or number will ensure an exact color match. We have provided several links to fabric manufacturers on our website. These all have online swatch catalogs and most are easy to get.

Backing:		Binding:		Border:	
Inner Border:		Block Color 1:		Block Color 2:	

Use the space below for questions, additional requests or more detail about your order.
