Custom Order Form

Please provide a name and contact information. We prefer to communicate by email, as we can attach images of our progress on your quilt. However, a phone number is OK as well. The address should be where you want us to ship the finished quilt. We use USPS Priority Mail, so PO Boxes are OK too.

Name:		Email:	
Address:		Phone:	

Use the space below to describe the custom quilt you want. Ideally, we should have already discussed and prototyped your requests. This will just serve as a reminder of those discussions..

--

You can select the colors and fabrics you would like in your quilt. If you want a specific fabric, we need to know the Manufacturer and name or number of the fabric. Even when specifying colors, a specific fabric name or number will ensure an exact color match. We have provided several links to fabric manufacturers on our website. These all have online swatch catalogs and most are easy to get. For custom quilts, please specify the quilt components (in other) with the specific color/fabric requests.
